🪪 PROFILE

Frontend Developer with expertise in HTML, CSS, and JavaScript, and hands-on experience in Angular, React, and Vue.js frameworks. Skilled in creating user-friendly interfaces and enhancing user experience.
Experienced in ERPNEXT and Frappe frameworks, contributing to projects by implementing effective solutions and improving functionality.
Committed to staying current with technological advancements and thriving in collaborative environments. Ready to apply my skills to drive impactful results in a forward-thinking team.

💼 PROFESSIONAL EXPERIENCE

Freelance Web Developer   03/2024 – present │ India
- Developed responsive and user-friendly interfaces using React JS, ERPNEXT, and Frappe Framework.
- Worked on multiple projects, including Employee Management, Logistics Management, and HR Management systems.
- Designed and implemented interactive dashboards and management tools.
- Collaborated with clients to gather requirements and deliver tailored solutions.
- Delivered high-quality projects on time, enhancing user experience and system performance.

Junior Software Engineer, *Enfono Technologies*   04/2023 – 01/2024 │ Kochi, India
- Self-taught expert in Vue.js with 1 year of hands-on experience, independently implementing frontend solutions that improved application performance by 30%.
- Developed 4+ intuitive and responsive UIs using Vue.js, integrating ERPNEXT's backend with Frappe UI for seamless data flow and communication.
- Championed the adoption of Vue.js across 3 major ERPNEXT projects, driving frontend innovation in a Python-focused environment.
- Optimized frontend performance by implementing lazy loading and code optimizations, boosting system efficiency by 40%.
- Recorded and delivered 10+ client presentation videos, demonstrating application functionality, resulting in a 35% increase in client adoption and ensuring smooth understanding of product features.
